

# Hamburger TheaterSprachCamp

**Who may participate?**

The offer is addressed to 280 Hamburg primary school children attending the third grade or VK 3/4 (preparatory class), with or without a migration background. They should be particularly considered as children who need support to improve their language skills.

**How to apply for participation?**

School is responsible for the application. Talk to the class teacher of your child. You will receive an application form which you return filled in to the teacher. You may also work on the form together with your child's teacher. The teacher, too, will fill in an application form. Both forms will be sent to Jugenderholungswerk Hamburg e.V. by school. Your application should be there by the end of march, please! You will then receive by mail an invitation for a date of registration in the office of Jugenderholungswerk or at school. The official registration formalities will then be done, details of the trip will be discussed, any open questions will be resolved. Finally the parental contribution of € 62.50 is to be paid.

For questions, please contact the class teacher of your child or the office of Jugenderholungswerk Hamburg.

## The Hamburg TheaterSprachCamps (TheatreLanguageCamps)

Our TheaterSprachCamps take place during the last three weeks of Hamburg summer holidays. Their aim is linguistic support with the help of theatre-, language- and leisure- pedagogy. Besides, the playful use of the German within the group and during the numerous activities plays an important role in improving the German language skills.

Since 2007 TheaterSprachCamps have been carried out successfully in Hamburg, and the involved children, parents and teachers have always and again shown big enthusiasm about this project.

We are glad that our successful project will take place again this year.

## How are they organized?

There are 10 camps, each with 28 children in various locations, all of them in beautifully located school country homes or youth hostels in Schleswig-Holstein, Hamburg or Niedersachsen.

For each camp 7 qualified attendants are responsible:

- 2 students for the theatre training program
- 2 students of language pedagogy
- 2 leisure educators
- 1 teenage attendant.

Their interdisciplinary cooperation and the three-week living together have a unique learning effect on the language development of the children!

## What is done?

There is a varied program of playing theatre, linguistic training and all sorts of recreational fun within the group. Your child will improve its knowledge of the German language, learn to love reading, gain confidence and relax!

Just after the trip there will be a great final event in Hamburg. All 280 TheaterSprachCamp kids will be on stage to perform highlights of their drama work during the camp. And further results will be presented in an exhibition.

All parents and teachers are welcome to this event.
